# 1st PhytoSUDOE Stakeholders´ Workshop

**Thursday 27th April 2017**

**Amphitheatre 2, building A of the École Nationale Supérieure de Chimie, de Biologie et de Physique (ENSCBP), Bordeaux INP, 16 Avenue Pey Berland, 33607 Pessac**

*Local Organizing Committee: Dr Michel Mench (INRA), Pr Olivier Atteia (ENSEGID), Dr Florian Delerue (ENSEGID), Dr Grégory Cohen (ENSEGID), Dr Lilian Marchand (Biogeco), Dr Nadege Oustrière (Biogeco) and Mrs Sylvia Branchu (Biogeco)*

---

***Agenda***

**8:45-9:00**
Registration

**9:00 – 9:10**
Welcome and introduction by conveners

**9:10-9:40**
The PhytoSUDOE project: concepts of phytomanagement and objectives / relationships with stakeholders. *Petra Kidd (Instituto de Investigaciones Agrobiológicas de Galicia, Spain; PhytoSUDOE project coordinator)*

**9:40-10:10**
The INTENSE project: objectives and outcomes (Aims, Working Packages, first results, relationships with stakeholders). *Arne Saebo (Norwegian Institute of Bioeconomy Research, Norway; INTENSE project coordinator) and Peter Schröder (Helmholtz Zentrum Muenchen, Germany; INTENSE project co-coordinator)*

**10:10-10:40**
Coffee (with posters from related projects)

**10:40-11:00**
Long-term phytomanaged field sites, results and success stories: an overview of PhytoSUDOE and INTENSE field networks. *Michel Mench (Institut National de la Recherche Agronomique INRA, Bordeaux, France; PhytoSUDOE project)*
**11:00-11:15**
Phytostabilization of a mining soil by a legume pioneer plant and associated grasses: 10 years of field experiment. *Marie-Pierre Isaure (University of Pau and Pays de l'Adour, France)*
**11:15-11:30**
Plant-microorganism symbiosis: biological levers for the phytostabilisation of mine tailings. *Souhir Soussou (Fertil'Innov Environnement and Lab. Symbioses Tropicales et Méditerranéennes, Montpellier, France)*

**Stakeholders presentations – first part**
**11:30-11:45**
Rehabilitation of a (techno)soil contaminated by trace elements and PAH in a Phytomanagement perspective: The outlet of the Chaban-Delmas bridge, Bordeaux, France. *Lilian Marchand and Damien Butin (INRA and Bordeaux metropole, France)*
**11:45-12:00**
From ADEME's perspectives: overview of actions promoting phytomanagement of contaminated sites (research programmes, implementations and perspectives). *Patrick Jacquemin and Frédérique Cadière (French Environment and Energy Management Agency; ADEME)*

**12:15 to 13:15**
Lunch

**Stakeholders presentations – second part**
**13:30-13:45**
Environmental policy on degraded/contaminated soils in the Basque Country. *Ana Alzola (Basque Country Environment Agency; IHOBE)*
**13:45-14:00**
Phytomanagement experiences of Basoinsa. *Iñaki García (BASOINSA Environmental engineering and consultancy, Spain)*
**14:00-14:15**
Sustainable mining of strategic minerals: the Penouta project. *Veronica Mateos Aquilino (Strategic Minerals, Spain)*
**14:15-14:30**
Florentaise: biochars for plant growth. *Claire Grosbellet (Florentaise, France)*
**14:30-14:45**
City park and urban backfill : a potential environmental management with phytoremediation?. *Renaud Chapuis (Téréo, France)*
**14:45-15:00**
Phytomanagement of polluted soils and sites: a viewpoint from a consultant in Engineering and Environmental Consulting. *Frédéric Bary (ARCADIS France, France)*
**15:00-15:15**
Plant production for restoration projects. *Aritz Orruño (VIVEROS ESKALMENDI, Spain)*

**15:15-15:45**
Round Table (Lessons learnt, perspectives, future collaboration/interactions possibilities).
*Moderators: Michel Mench, Peter Schröder and Frédérique Cadière*
